

KANSAS AGRICULTURE Equipment Manufacturing and Sales

Beginning October 27, the Kansas Department of Agriculture, Great Plains Technology & Manufacturing Cluster, K-State Technology Development Institute, and Kansas Manufacturing Solutions will feature quarterly webinars focused on the Kansas agriculture equipment manufacturing and sales sector.

Wednesday
**October
27**
3:00 p.m.

Join us Wednesday, October 27, at 3:00 p.m. for our first webinar that focuses on partnerships for shared success. This webinar will feature Kansas manufacturers SureFire Ag (Atwood), ShieldAg (Hutchinson), and Farmada (Assaria) as they share their story of collaboration in innovating and marketing the Farmada NH3 toolbar.
