

NOW HIRING

Kansas Department of Agriculture's Pesticide and Fertilizer Program

Are you a college student looking for a year long job that works around your class schedule?
Are you looking for work experience to help prepare you for your career after college?
Join the Kansas Department of Agriculture to earn extra money and gain the experience you need!

What will you be doing in your position? This may vary, but could include tasks like:

- Answering phones
- Scanning documents into the database
- Gathering supplies for inspectors
- Entering data into databases
- A variety of other duties

If interested in this employment opportunity, the Pesticide and Fertilizer Program has an opening available immediately, starting at \$11/hour. Please email your resume and cover letter to:

Brandi Crubel
Pesticide and Fertilizer Program
