RE: McPherson IGUCA - File 411.1  
Burrton IGUCA – File 421.12

Dear Mr. Barfield:

At the April 12, 2011, meeting, the Equus Beds Groundwater Management District No. 2 Board of Directors reviewed the planned reviews of the McPherson and Burrton Intensive Groundwater Use Control Areas (IGUCAs) by the Division of Water Resources (DWR), which are mandated by K.A.R. 5-20-2.

Upon review of the information, the District Board of Directors, by approved motion, decided the District Board and staff to be fully involved in the IGUCA reviews and to participate with Division of Water Resources staff in the reviews to the greatest extent possible, including, but not limited to, data and information sharing and transfer, IGUCA performance review, and formulation of any recommendations.

The District Board of Directors and staff look forward to assisting you and DWR staff in the IGUCA reviews.

Please contact the District should you have any questions concerning the Board's action.

Sincerely,  
EQUUS BEDS GROUNDWATER  
MANAGEMENT DISTRICT NO. 2

Tim Boese  
Manager  
TDB/db
