## Kansas Metrology Laboratory Fee Schedule

- Fees are from K.S.A. 83-214.
- In-state rates apply to standards used in Kansas or service companies licensed under K.S.A. 83 that perform work within Kansas.
- There is a minimum fee of \$50.00 for service.
- Fees for large quantities only apply to individual orders.
- Service that is not part of a routine calibration (e.g. cleaning standards, repairing a standard, performing non-routine calibration procedures) is not listed in the fee schedules of K.S.A. 83-214 and will be charged at the rate of \$100.00/h.

• Handling fees are for the packing and unpacking of items. They do not cover shipping. If more than one handling fee is applicable to the invoice, the fee with the highest cost is used. For shipping, see the information following the handling table.

	Handling Rate/Calibration	
Calibration Ranges	Order	
Large Mass (1250 lb >= item >= 100 lb), (500 kg >= item >= 50 kg)	\$20.00	
Medium Mass (100 lb > item >= 20 lb), (50 kg > item >= 10 kg)	\$30.00	
Small Mass (20 lb > item >= 0.001 lb), (10 kg > item >= 10 mg)	\$20.00	
Small Mass Set (10 lb through 0.001 lb), (5 kg through 10 mg)	\$20.00	
Precision Mass (1000 lb >= item >= 0.001 lb), (30 kg >= item >= 1 mg)	\$10.00	
Precision Mass Set (1000 lb >= item >= 0.001 lb), (30 kg >= item >= 1 mg)	\$20.00	
Extra Large Mass (3000 lb >= item >= 1500 lb)	\$40.00	
Weight Carts (8000 lb >= item >= 3000 lb)	\$100.00	
Large Volume (1000 gal >= item > 5 gal)	\$100.00	
Small Volume (item = 5 gal)	\$20.00	
Large Volume LPG (100 gal >= item >= 20 gal)	\$100.00	
Gravimetric Volume (item = 5 gal), (item = 1 qt)	\$20.00	
Thermometry (-35 °C through 150 °C)	\$20.00	

## Fee Schedule for Handling for Shipments

- Items shipped in can be returned via the following methods:
  - Non-freight shipments:
    - Provide a shipping account number from a carrier, the shipping service type (e.g. ground, overnight), and the amount, if any, to insure the items for.
    - Provide a return shipping label when setting up return shipment through a carrier.
    - The laboratory can arrange the shipping and include the charges with the calibration invoice.
  - Freight shipments:
    - The laboratory is not able to pay for freight shipments or include freight shipment charges with the calibration invoice. In fact, it has been found that the rates most customers can get by using their usual freight carriers are better than the rates the laboratory would be able to obtain.
    - Provide the laboratory with a bill of lading after setting up return shipment through a carrier.
